IN MEMORIAM

IN MEMORY OF HER

One year ago was the unhappy day my daughter, our aunt and sister, passed on her way. Her kind gentle ways we remember still.
They help our family each lonely spot to fill.
In the midst of this family, as a lovely flower,
We heard her dear voice and saw love tower.
She's gone from us now to rest on the shore,
Where life's troubles and sorrows bother her no more.
God bless the little ones she left behind,
And ease our lonely and troubled minds.
We cannot be sad and full of sorrow
For we plan to meet her up there on some tomorrow.
—In loving memory of Frances Jamerson Woodson, by her Father, Sisters, Brother-in-law, Nieces and Nephews.
(1tc)

TRIBUTE TO A LOVED ONE

Two years, long years, have passed since she left this earth.
She meant more to us than can be measured in worth,
Among us a wife, mother, granny and mother-in-law, she was known
We all, young and old, loved her dearly in a way all our own.
We can still see her smile, and feel her close by.
We rejoice as we understand, God called her to her home in the sky.
Yet, we're a little sad as we miss her each day,
But we strive to live better by following her way.
Her way was Christ like and full of love,
That's how we know she's secure in her home up above.
—In memory of Mrs. Oscar Jamerson, by her husband, children, grandchildren and in-laws.

Party Line

At a recent political meeting a well-known Republican was speaking. He remarked that his method of obtaining votes for the Republican Party was to give every taxi driver a large, tip, then tell him, "Vote Republican."

"I think my way is better," said a party colleague. "I give them no tip and tell them, "Vote Democratic."

THE WIND HURLED ROOF AT THIS HOME

A severe wind and rain whipped through portions of Appomattox County late Saturday afternoon. Above: Mr. and Mrs. A. A. Bohannon point to a huge section of a barn roof which the wind had lifted off a barn belonging to Mr. H. C. Julian., and which had come coming over a field and landed against their home, over 300 yards away. One entire section of the roof landed against the side of the house, and a third ended up against a fence. The same wind also dumped over 300 black walnuts from a tree in the Bonnihon yard. WEEKLY NEWS LETTER OF TOWN MAYOR

To the Citizens of
The Town of Appomattox:

In last week's issue of The Times-Virginian was published a copy of the latest ordinance pertaining to the collection of garbage. I certainly hope that all of you fine people read this ordinance carefully, and I feel sure that you will continue to give the Town your cooperation in order for the Town to render the service that you good people desire.

During the past two weeks I have received numerous complaints concerning the riding of bicyles on the streets after dark which are not equipped with lights. The dearest possession that we have is our children, and I plead with all of you parents to check your children's bicycles and make sure that they are equipped with a red reflector light on the rear and a light of some kind on the front. Let's do everything that we can to prevent any accident that may occur.

It is most gratifying to note that many of you fine citizens are continuing with our "Clean-up" and "Paint-up" campaign. With this combined cooperation, one day Appomattox will be the most "clean and neat town in the State of Virginia."

Your counsel and advice on all public matters is welcomed at all times.

Sincerely,
C. T. Moses, Jr.
Mayor, Town of Appomattox.

A. H. S. Represented At Guidance Training

Appomattox High School was represented at the Counseling and Guidance Training Institute of Education, which was conducted at William and Mary College from June 13 to July 22. Attending the institute were Miss Faye Wood and Mrs. Carrie Gilbert. Both report an interesting and useful study for the six weeks.

Elliott Torrence Named On Committee

Appointment of H. Elliott Torrence as a member of the Farmers Home Administration county committee was announced this week by Hunter P. Evans, the agency's county supervisor serving Appomattox County.

Mr. Torrence operates a grade A dairy and general farm.

Two other members make up the three-member committee, which works with the county supervisor to see that the best possible use is made of the agency's farm credit service program consistent with local farmers' needs. The other two members are Thomas H. Chambers, Jr. and Charlie D. Lewis. Each of the members is appointed for a 3-year term.

Artificial Insemination Short Course Planned

Artificial breeding of dairy cattle will be taught at a short course at VPI September 12-24.

Members of the dairy science department are asking for applications and registration fees of $5.00 to be sent by August 29. If by that time the minimum number for which the course will be held have applied, other applications will be accepted.

Order lag from big users depresses steel output.

Steel output is high for first half [illegible] year.

Telephone Co. Getting Set For Big Changeover

"It won't be long now" for a big expansion realization for the Appomattox Telephone Company. The company has August 7 as a target date to convert to the all-number dialing system, and to place - into use many new telephones.

Keith E. Schuler, president of the company hopes for a smooth change-over operation. He asks the understanding and patience of telephone patrons in the big changeover job ahead. On August 7, the company will change to full seven-five ringing on rural lines.

Trunk phone lines between Appomattox and Pamplin will use the present equipment that now serves all customers with four-digit numbers. But new equipment will be utilized when the rural lines are connected for all subscribers.

There will still be some "party" lines but the number of subscribers per line will be reduced.

It appears to add up that not all of the projected program is going to be operational by August 7, but that the final job is approaching its completion, and that in a few weeks this area will have an ultra-modern phone system.

New subscribers to get telephone service include Darlington Heights, Hixburg, Madisonville and Red House. The exchange office in the Town of Pamplin has been expanded, as has the office at Appomattox. Some 400 of the new phones will lead into the Pamplin exchange.

All in all, some 600 new phones are being added to the system.

SPECIAL MEETING OF COUNTRY CLUB

There will be an important meeting of the Appomattox Country Club on Friday night, at 7:30, at the Court House. All members are urged to attend.

At Eastern Star Meeting

Attending the Eastern Star meeting in Petersburg, Va. on Monday evening, July 25, from here were Mrs. Ellen O'Brien, Grand Elector; Isabelle Coleman, Worthy Matron; Louise Morris, Associate Matron; Edwin Carter, Associate Patron; Rebecca Carter, Past Matron, and Jessie Carwile, Conductress.

They represented Appomattox Chapter No. 19.

FOR 1960 WHEAT SUPPORT PRICE

The official 1960 crop wheat support rate for Appomattox County is $1.98 per bushel, C. D. Lewis, chairman of the ASC county committee, has just announced.

This rate is 1 cent higher than the minimum county rate announced earlier.

The wheat supports in Virginia vary among counties from 1 to 3 cents per bushel and are based on wheat grading Number 1. Certain discounts apply to grades below Number 1 and for smut and garlic.

With the harvest of wheat well under way, Mr. Lewis said that wheat price support loans are available through the ASC county office. Loans may be had on wheat stored on the farm, or in approved warehouses.

PICNIC DINNER

A picnic dinner was held on the lawn at the home of Mr. and Mrs. Mundy Moore, Mr. and Mrs. Watts Moore and Kenneth on a recent Sunday. Those present were: Mr. and Mrs. Clarence Franklin and sons, Mr. and Mrs. Judson Franklin, of Appomattox; Mr. and Mrs. Wm.
